## Beds + Futons

### BRETTS BEDS + FUTONS

All of our beds and furniture are hand made at our West Australian factory from high quality Jarrah, Marri or Tasmanian Oak. Bretts beds are modular in construction which means you can create your own bed from our full range of headboards, bases, legs and mattresses.

### NATURAL JARRAH

New 'Natural Jarrah' has been developed as a sustainable, responsible alternative to the existing prime grade product. 'Natural Jarrah' creates less waste and maximises utilisation of Western Australia's valuable natural resource.
